Chanel West Coast Covers The Hype Magazine Spring Digital Issue

Star goes in depth with Jerry Doby

Kansas City, 26.05.2019, 20:08 Time

USPA NEWS - Rapper, Singer and Television personality (MTV's Ridiculousness) Chanel West Coast broke out in 2012 when she signed to Lil Wayne and Young Money and dropped her ode to iconic fashion designer Karl Lagerfeld entitled "Karl." [?] That seemed to set the tone for the dynamo as her body of work continues to highlight what she calls the "beauty shot" [?] in her visuals along with a blend of soul touching timbre in her singing and total cleverness in her rap style. She's that perfect blend of all that makes for a super creative including taking the director's seat and delivering cinematic visuals as in her directorial debut this year for her "The Middle" [?] music video which also showcased her vocal prowess.

One of the more fun artists in the mix right now Chanel West Coast has rocked with heavy hitters from both the West to the East such as YG and French Montana delivering equal parts lyrical missile and musicality. It's something very few can deliver with such panache and sets those who can, well apart from the pack. Her most recent drop "Sharon Stoned" featuring iconic rapper Red Man and actor Michael Rappaport solidified for us that this is one of our superstars in the making. The Hype Magazine caught up with Chanel in betwixt her various duties with MTV, prepping for her new album due out in July and a myriad of other daily grind activities
